★ **BOLL WEEVIL SILVER STAR 3035-519.** This white son of Calrossie Ocean Wave is the last son of that great bull that we will sell. He is from our excellent producing Susan family which has always had at least one member in our show string each year. This bull was Grand Champion at the Southeastern Fair in 1961 and Senior Champion at the Mid-South Fair and the Georgia State Fair the same year. A full sister was sold in our sale to W. E. Gidden, Madison, Georgia, for \$1,400.00. We have used this bull and are very pleased with his calves on the ground and have many more females in calf to him. He is guaranteed in every way. We are only parting with him because we have a great deal of his bloodline and are sure that he will do another breeder a tremendous amount of good by adding the easy fleshing, excellent milking ability and productivity of the pedigree from which he comes to his herd.

⊕ **RODNEY'S PRINCESS AUDREY 3158-158.** The Junior Calf from our show string. She is a three-quarter sister to Ox Valley's Lucky, 1963 Indiana State Fair Grand Champion, and to Comet Ivanhoe, both great bulls. Acadia Princess 6th was one of the top heifers in an Acadia sale. This Princess family has been good to us.

MEMORANDUM

[illegible]

STANDARD GUARANTEE

American Shorthorn Association

(1) Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

(2) All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

(3) With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

(4) When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

(5) Certificate of registry and transfer will be furnished with each animal sold. A signed pedigree application for calves at side or unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

(6) Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
